Return on Investment Of Happy Employees

Below you will see conservative annual estimations for the cost of one unhappy employee as well as the value for one happy employee. The valuation of these come from research you will find on the following page.

CONSERVATIVE ANNUAL ESTIMATIONS

For an employee with an annual salary of \$40,000

This chart is based on an employee contributing twice their salary to revenues.

Estimated Possible Cost of ONE Unhappy Employee	
10% less productive than an average employee	-\$8,000
Emotionally contagious negativity (5 emps/1 hour/week @ \$20/hr)	-\$5,200
Bad customer service (25% admit to taking frustration out on customers)	-\$2,500
Turnover - conservative 50% of salary	-\$20,000
More safety incidents	-\$2,000
Harder to recruit (harm employment brand)	-\$1,000
	-\$38,700
Estimated Cost of TEN Unhappy Employees	-\$387,000

Estimated Possible Value of ONE Happy Employee	
12% more productive than an average employee	\$9,600
Emotionally contagious joy (5 emps/1 hr/wk @ \$20/hr)	\$5,200
14% better customer service and 89% better customer satisfaction	\$2,500
Absent 41% less than unhappy employees	\$1000
Fewer Mistakes - 26% Fewer	\$2,000
Easier to recruit (help employment brand)	\$1,000
	\$21,300
PS - Salespeople 30-37% more successful with sales	
Estimated Value of TEN Happy Employees	\$213,000

Value of ONE Unhappy Employee Becoming a Happy Employee	\$60,000
